

Section-wise JEE Main Paper Analysis 2025 Session 2: Apr 07, 2025 Shift 1

The JEE Main session 2 day 4 (Apr 07, 2025), shift 1 was conducted from 9 AM to 12 PM. Candidates can find out about the overall difficulty level, good attempts, important topics and other important components of the paper from the table below:

Shift 1

Overall Difficulty	Moderately Difficult
Difficulty Level of JEE Main Mathematics	Moderately Difficult (Lengthy and Concept-based)
Difficulty Level of JEE Main Physics	Easy to Moderate
Difficulty Level of JEE Main Chemistry	Lengthy and Tough (Most questions were asked from Physical Chemistry)

No. of Good Attempts	To be updated
Important Topics	Mathematics: Vectors and 3D, Conic Sections - Hyperbola and Parabola, Integration, Straight Lines, Circles and Determinants, Sequence and Series
	Chemistry: Bio-molecules, Coordination compounds, Moles, Periodic Tables, Chemical Equilibrium
	Physics: Modern Physics, Ray Optics, Magnetic Effect of Current, Friction, Current Electricity, Work and Energy, Units and Dimensions, Rotations
