

## JEE Main Session 2 Shift 1 Paper Analysis (3 Apr 2025)

The JEE Main session 2 day 2 (Apr 03, 2025), shift 1 is being conducted. Candidates can find out about the overall difficulty level, good attempts, important topics and other important components of the paper from the table below:

Particulars	JEE Main 2025 Exam Analysis
	Shift 1
Overall Difficulty	Moderate
Difficulty Level of JEE Main Mathematics	Easy to Moderate
Difficulty Level of JEE Main Physics	Moderate
Difficulty Level of JEE Main Chemistry	Easy to Moderate
No. of Good Attempts	65+

<b>Important Topics</b>	<b>Mathematics: Vector &amp; 3D, Matrices and Determinants, Integration, Conic sections, Parabola, areas under the curve, sequence and series, Circles, Function</b>
	<b>Chemistry: Most questions were asked from Organic Chemistry, Biomolecules, Coordination Compounds, GOC, Hybridisation</b>
	<b>Physics: Modern physics, Wavelength, Ray Optics, Units &amp; Dimensions, Current electricity</b>
	<b>Chemistry: Current Electricity, Capacitor, Wave Optics, Units and Dimensions, Thermodynamics, Ray Optics, Magnetic Effect, Semiconductors</b>
	<b>Physics: Titration, Salt analysis, Biomolecules</b>
