

## JEE Main Session 2 Shift 2 Paper Analysis (2 Apr 2025)

The JEE Main session 2 day 1 (Apr 02, 2025), shift 2 concluded at 6 PM. Candidates can find out about the overall difficulty level, good attempts, important topics and other important components of the paper from the table below:

Particulars	JEE Main 2025 Exam Analysis
	Shift 2
Overall Difficulty	Moderate to Difficult
Difficulty Level of JEE Main Mathematics	Easy
Difficulty Level of JEE Main Physics	Moderate to Difficult
Difficulty Level of JEE Main Chemistry	Moderate (NVT-based questions from Physical Chemistry)
No. of Good Attempts	40+

<b>Important Topics</b>	<b>Physics: Modern Physics, Current Electricity, Capacitor, Magnetic Effect, Unit and Dimensions, Rotation, Fluid Mechanics, Surface Tension, Ray Optics, Semiconductors, Logic Gate, Kinematics</b>
	<b>Chemistry: Many numerical type questions were asked from Physical Chemistry. Inorganic chemistry had more weightage than organic chemistry.</b>
	<b>Maths: Vector and 3D, Matrices and Determinants, Linear Equations, Integration, Conic Section, Ellipse, Area Under Curves, Probability</b>
