

# TS EAMCET Paper Analysis, Day 2

## (Apr 30, 2025)

The TS EAMCET exam analysis for Day 2 is out after the conclusion of the paper at 6 pm. Candidates can check the difficulty level of the paper, important topics and good score from the table below:

| Particulars                | Analysis  |
|----------------------------|---|
| Overall Difficulty         | Easy  |
| Physics Difficulty Level   | Moderate  |
| Chemistry Difficulty Level | Easy to Moderate  |
| Biology Difficulty Level   | Easy  |
| Good Attempts              | To be Updated   |
| Important Topics           | <b>Physics:</b> Thermodynamics, Laws of Motion, Oscillations & Waves, Ray Optics, Current Electricity   |
|                            | <b>Chemistry:</b> Organic Chemistry (Basics & Hydrocarbons), Thermodynamics, Chemical Bonding, Classification of Elements, Biomolecules & Polymers      |
|                            | <b>Biology:</b> Plant Physiology, Morphology of Flowering Plants, Cell – The Unit of Life, Reproduction in Plants, Diversity in the Living World, Human |

Physiology, Animal Kingdom, Biomolecules, Genetics & Evolution,  
Reproduction in Animals
